

Soccer Concession Stand

The Knights have been hosting the Concession Stand at the soccer games on Saturday.

This Spring the first week is scheduled for January 6th, 2018. The stand will operate for 10 consecutive weeks.

We are in need of help with the set-up and take down of the stand. We need help so that we don't have the same brothers each week doing all the work. Please contact either Richard Loar or Frank Barreca and let them know which Saturdays you can help and for how long. We would like to get and train as many as possible to rotate each week.

Set-Up:

We usually meet between 6:30-7:00 am on Saturday morning at the shed. This is to load up the equipment and set it up down on the fields. This usually takes between 3-045 minutes.

Take Down:

We need help at 1:00 to take down the equipment and take it back to the shed. This also includes cleaning the utensils and equipment that we have used.

Proceeds from the soccer sales go towards the Knights charities especially those that support our youth.
